**Subject:** RE: HAMP Village MOA wording  
**Attachments:** HAMP Village MOU Revised AUG16.docx

Hi again Captain Brad Rea,

Thanks for pointing out the unfortunate and ambiguous Village MOA August 8 wording:

"Based on 2013 water usage rates the cost of HAMP water per average home would be \$49.82 per Month. (IHS PER 2014)." paraphrased from page 61 Tables of the PER.

Revised wording:

"The average monthly wholesale HAMP cost per connection is estimated to be \$49.82, excluding current village water, wastewater and solid waste fees. (IHS PER 2014)"

is included in the attached village MOU.

HUC and Hopi Tribe look forward to reviewing additional IHS suggestions for MOA wording. Suggested revisions received prior to the next scheduled village MOA meeting August 23 may be included.

Gratefully,

TIM 928 401 4000
